

VOLUNTEER OPPORTUNITIES

“Volunteers don’t get paid, not because they’re worthless, but because they’re priceless.”

The NEW Chapter of IFMA relies on members to keep the organization moving forward. We share a common goal of advancing our profession and promoting individual career development through education, networking, and information-sharing.

To get involved and show your support, **please consider volunteering** for one of our committees!

Each committee is made up of hardworking, dedicated professionals, who are committed to the advancement of facilities management.

To get involved, contact any member of the IFMA-NEW Board of Directors!

5 ways to get involved:

- 1.** Support event-planning efforts.
- 2.** Plan facility tours.
- 3.** Promote meeting attendance.
- 4.** Apply to join the Board of Directors.
- 5.** Recruit new members.
