

*Our success as an organization depends on your sponsorship.*

*Please take advantage of this opportunity to support facilities management and gain valuable exposure for your products and services.*

## Sponsorship Information

Today's facility managers are responsible for the planning, construction, and the ongoing management of buildings, personnel and budgets. Our chapter supports these activities and appeals to businesses like yours that provide a high level of service to members in these positions. Funds collected will support education, activities, programs, tours, local projects and much more.

Please [email us](#) for more information.

### About Us:

The International Facility Management Association (IFMA) is the largest and most widely recognized professional association for facility management. Globally, IFMA certifies facility managers, conducts research, provides educational programs, recognizes facility management degree and certificate programs and produces World Workplace, the largest facility management-related conference and exposition.

The Northeast Wisconsin Chapter of IFMA was chartered in 1992. Since then, our membership has grown significantly and represents facility managers from all facility types – corporate, education, healthcare, manufacturing, public utilities, and government.
