Seminar hosted by: 
Northeast Wisconsin Chapter

In response to the news headlines about the horrific incidents that have taken innocent lives around the country by armed individuals, the Northeast Wisconsin Chapter of IFMA will be hosting a seminar on how to respond if you find yourself in a similar unthinkable situation.

Awareness and education are key.

NWTC Instructor Matt Secor will discuss what to do when confronted by a possible **threatening situation caused by someone who is potentially armed with a weapon.** The presentation will focus on **how to respond (and what to expect) when law enforcement arrives** on the scene, and he will discuss **plans that businesses and individuals should have in place** to handle such a highly volatile situation.

This presentation is open to and **geared toward professionals in all capacities** at all levels across all industries.
